Shri G.G.Mokashi of Dharwar had approached Govt. with a request to recognise the Diplomas in (i) Civil Draftsmanship and Estimating and (ii) Mechanical Draftsmanship and Estimating of the Shri Jayachamarajendra Occupational Institute, Bangalore, Orders regarding the recognition of the Diploma of Civil Draftsmanship and Estimating have already been issued in U.O. consultation with the E.D. and P. & S.D. vide G.R. No. 685/48, dated the 11th March 1950.

2. A U.O. reference was again made to the E.D. That Deptt. has concurred with the Jt. Director of Technical Education's opinion that the Diploma course in the Mechanical Draftsmanship and estimating of Shri Jayachamarajendra Occupational Institute, Bangalore, may be considered as qualifying for the posts of "Qualified Draftsmen" in this State. In the circumstances the draft G.R. put up for approval may issue. Shri Mokashi may also be informed as per separate draft put up for approval.

On a comparison with the curricula prescribed for similar courses at the Poona Engineering College and the V.J.T. Institute, the syllabus and subjects for study of training at the Occupational Institute, Bangalore, appear to be similar, but this alone cannot be the determining factor for according recognition. The Institute seems to have been started to supply technicians in a grade lower than that of diploma holders. The details of training given and the standard of the personnel so turned out may have also to be scruitinised. One of our engineers would be shortly going to Bangalore and he will be asked to collect detailed information on the subject and till then the matter may be held over.

With reference to the above U.O.R. I have ascertained the standard of training given to the students of the Diploma course in Mechanical Draughtsmanship at the Shri Jayachamarajendra Occupational Institute, Bangalore, and find that their syllabus and training equivalent to those prescribed for Diploma course in the College of Engineering Poona and the Victoria Jubilee Technical Institute, Matunga, Bombay. Our Superintending Engineer (Hydro) during his last visit to Bangalore in connection with the study of the Koyna Network problem at the Indian Institute of Science, paid a visit to the Occupational Institute and discussed the details of the syllabus and examined the work actually done by the students trained at the Institute. Specimen copies of the work done have also been obtained vide enclosures herewith. The course of study covers a period of 3 years and the students work about 40 hours a week. They are sent to Government and private engineering organisations and to factories in and outside Mysore State to undergo intensive practical training. The Superintendent of the Institute has stated that the students are given a rigorous test in all branches of draghtsmanship and in the

preparation of suitable designs before they are eligible for a Diploma. I am therefore of the view that the Diploma course in Mechanical Draghtsmanship and Estimating of the above Institute may be recognised by the Government of Bombay for the purpose of appointment to the posts of qualified Draughtsman (Electric and Mechanical).

Appointment of -.

One Mr. H.S. Jayaram, diploma holder of the Shri Jayachamarajendra Occupational Institute, Bangalore, was appointed as Draftsman in the Chataprabha Left Bank Canal Division on Rs.100/- p.m. in the scale of Rs.100-4-120-5-170 sanctioned for draftsmen who are non-qualified hands (vide copy of this office No.G.42 dated the 14th February 1949). He was given the above pay-scale sanctioned for non-qualified hands as it was not definitely know to this office whether the diploma in Civil Engineering Draftsmanship and Estimating of the above Institution had been declared by Government as recognised and equivalent to that of the Diploma of engineering of the recognised institutions in the Bombay Province. Mr. Jayaram has now submitted his application with a request to treat this diploma as equivalent to that of diploma in Bombay Province. If this is done, he can be given the pay-scale of Rs.110-10-180, sanctioned for Draftsmen who are qualified hands. A copy, of application dated the 23rd May 1949 from Mr. Jayaram and the Executive Engineer's endorsement No.G-42 dated the 2nd June 1949 thereon, are sent herewith for the perusal of Government.

2. I therefore request that the necessary official enquiries be made to ascertain if the standard of training for the course of the diploma in Civil Engineering, Draftsmanship and Estimating of the Shri Jayachamarajendra Occupational Institute of Bangalore, is equivalent to that imparted in the case of similar diplomas of Civil Engineering in Mysore and this Province, recognised by Government

Government and if so, Government may please be moved to declare the diploma in Civil Engineering, Draftsmanship, and Estimating of the above Institution as qualifying for the post of ~~xxxxxxxxxx~~ Draftsman and Assistant Draftsmanand to allow such diploma holders to get the scale of pay sanctioned for qualified draftsman and Assistant draftsman and to exempt them from production of domicile certificate of this Province for a period of say 2 years, as is granted by Government in the case of qu lified Overseers from the Mysore University.

3. One assistant Draftsman viz. Mr. Gopalrao, who holds the above diploma has also been appointed as Assistant Draftsman in the Ghataprabha Left Bank Canal Dn. on Rs.70/- P.M. in the grade of Rs.70-3-80-4-120, sanctioned for assistant draftsman, who are non-qualified hands. His pay will also be fixed in the qualified hand's grade of Assistant Draftsman on receipt of Government orders.

4. A copy of the syllabus of the Sri Jayachamarajendra Occupational Institute, Bangalore, is enclosed herewith for the information of Government.

Sir,

With reference to Government endorsement, Public Works Department No.685/48-E (II) dated, 12th July 1949, I have to state that the syllabus of the Civil Draughtsmanship and Estimating Diploma of the Sri Jayachmarajendra Institute Bangalore, differs in some respects from hat of the D.C.E. Course conducted by the College of Engineering, Poona. The Diploma holders of the College of Engineering, Poona, are posted as overseers in Public Works Department, who are required to perform both indoor (i.e. drawing etc.) and outdoor (i.e. construction, supervision etc.) duties, whereas the diploma holders of the above Institution could be considered fit for indoor duties only. In view of the importance given to the practical side of the course in their syllabus, I think that the Diploma holder of the above Institution may be considered as qualified for the post of "Qualified Draughtsman" in this Province.

I understand from Government of Mysore that the Diploma holders in Cil Engin Draughtsmanship of the above Insitution are treated as on a par with the diploma holders of the School of Engineering, Bangalore.

The accompaniments of the Government letter referred to above are returned as desired.

Mysore,
Dated 26th April 1950.

To

Sir,

Subject:- Suveyors on work-charged Establishment.

....

In forwarding herewith the application of the students of the National Institute of Engineering Mysore, who are now borne on the work-charged establishment, Ghataprabha Left Bank Canal Division for kind perusal and favourable consideration, I wish to state as follows:-

The National Institute of Engineering, Mysore is a private Institute started in Mysore by some of the Retired Senior Engineer Officers of the Mysore P.W.D. to afford facilities to students anxious to pursue Engineering courses and to meet the growing demand for trained men for the supervision and execution of Engineering Works.

This Institute is recognised by the Government of Mysore and is coaching Students for the Government Diploma Examination held by the Government School of Engineering, Bangalore.

Government of Mysore have reduced the three years' course temporarily to one of two years, without any alteration in the syllabus, in order to meet the

../..large

large and urgent demand for trained men. Intensive training is arranged to be given during the two years alone by reducing the periods of vacations and increasing the number of hours of lecture in each subject. Thus there is absolutely no change in the syllabus, which according to the old scheme was spread over three years. The change to two years only to meet the convenience of the P.W.D. departments which needed a large number of technical men to supervise the number of works undertaken.

Efficiency and quality of training have not been made to suffer on any account. The students of the National Institute of Engineering, who have been appointed by the Several Governments have passed the Mysore Government Diploma Examinations alone, which have been recognized also by the Institution of Engineers (India), Calcutta.

Under the circumstances, the prayer of the students who have already been appointed, for the increased scales of pay of Rs.116-270 deserves very favourable consideration.

The Candidates deserve all encouragement at the hands of Government specially in these hard days when even ordinary skilled labourers earn Rs. 120 to 150 a month.

The representation of the candidates is therefore recommended for your very favourable consideration and early orders.

Thanking you,

Yours faithfully,
